2	Trends in commodities traded at Detroit-Windsor between 2000 and 2019										
3											
4											
5											
6											
7											
8	Use above link to navigate to Port and Commodity dashboard. Use Overview tab and select state of Michigan first. Filter for country = Canada, port (Detroit and Detroit net time period from jan to dec for given year). Keep only Truck mode. Collect export, import and total for each of the 16 commodity groups. See Report template for Breakout as of 2019. Create an "All Other" Category to group the rest of the commodities together. Report total trade. Be mindful to use consistent units (i.e. millions of US\$).
